

WORLD ENVIRONMENT DAY

5TH JUNE, 2021

“ Every 3rd second,
a forest the size of
a football ground
is getting depleted

-UN

“ With 4°C rise in
global temperature,
1/3rd of the
ice surrounding
Antarctica will melt

-UK Researchers

#EcosystemRestoration

A decade to restore the Earth

WORLD ENVIRONMENT DAY @ BLUE DART

As a purpose-driven company, Blue Dart keeps the environment and its social responsibility at the core of the corporate growth strategy. Part of the DPDHL Group, Blue Dart practices the credo of, '**Connecting People, Improving Lives**' and has aligned all its initiatives under the New Sustainability Roadmap that calls for **Clean Operations for Climate Protection, a Great Company to Work for all as well as building a Highly Trusted Company.**

Taking this forward, this **World Environment Day** Blue Dart launches a Digital Portal that will help initiate a **paperless transaction** for all its Vendor Partners. Through this platform all Blue Dart Vendors can submit e-invoices thus saving tonnes of paper. Not only this, Blue Dart has also executed over **50% of their customer invoices online** and are working towards achieving a 100% transition.

Apart from this by the end of this calendar year Blue Dart will plant over **111,000** in order to offset **22,20,000 kg carbon per year, on maturity.**

BLUE DART

Engaging all team members, **Blue Dart, along with Grow-Trees (tree plantation partner) and Dopolgy, is organizing various activity workshops to observe** World Environment Day. Topics that will be covered during the workshops include, “50 Ways to embrace sustainable living, how can we avoid wasting our resources and host of other DIY activities out of waste.”

Blue Dart aims to achieve **Zero Carbon Emissions by 2050** with DPDHL's Goal '**Mission 2050**', to limit global warming to less than 2° C and drive the business towards zero emissions logistics thus setting the standard for the future of the express logistics sector and doing its part to help the world.
